WORK EXPERIENCE

MARKETING AND SALES MANAGER

DAMA ROSE ADVERTISING

2016 - Present

I started at Dama Rose after the launching of the company in 2016 and was able to hire and train a fantastic team to grow together until we are 40+ professionals now with an excellent reputation all over UAE

I am in charge of closing necessary contracts via my wide connections in the 7 emirates, as well as training and following up with my sales team to achieve their goals and close targets.

I also maintain the highest quality of our products and services by supervising a large team of graphic/web designers and guiding them to make stunning projects to get satisfied clients who are happy to work with us.

SALES EXECUTIVE THEN AREA MANAGER

AL WASEET NEWSPAPER

2011 - 2016

I started as a classified ads writer for 6 months in the Dubai branch until I got my driving license then became a sales executive and started my journey in advertising and marketing and building good relationships with clients.

I worked in Dubai for 4 years before I was assigned to Abu Dhabi Branch to increase sales, and thankfully, I was able to achieve really good results with my co-workers and close many sales targets.

Later, I was serving as an area manager to focus on and cover a wide range of VIP clients and supervise a well-trained team, then I drove Al Waseet to go online and operate on Social Media instead of the printed newspapers.
